Experience	**2019-01 – 2023-04** **Chief Technology Officer, Sinad Information Technology Solutions Co. Ltd** ▪ Drive company success through strategic technology alignment and adoption, ensuring the company's vision aligns with the implemented technologies. ▪ Leverage early adoption of the Flutter framework, resulting in remarkable outcomes that minimize costs and maximize efficiency. ▪ Collaborate closely with development teams, providing hands-on support in all aspects, including design, coding, and deployment. ▪ Guide and mentor development teams to deliver exceptional results, fostering a collaborative and high-performing work environment. ▪ Take the initiative to bring new technologies from the market to the company, staying ahead of industry trends and driving innovation. ▪ Successfully manage technology projects, ensuring timely delivery, budget adherence, and alignment with business objectives. ▪ Maintained high-level knowledge of current and emerging technology development and applications. ▪ Facilitated ongoing team development and growth through training and professional skills enhancement. **2021-01 – 2023-04** **Team Lead Senior Flutter Developer**, **Digitalize Lab, Dubai** ▪ Successfully developed cutting-edge mobile applications as a Senior Freelance Flutter Developer in collaboration with Digitalize Lab.

- Demonstrated expertise in Flutter, delivering high-quality, cross-platform mobile applications with seamless user experiences.
- Utilized front-end development, UI/UX design, and mobile optimization skills to enhance user engagement and deliver exceptional results.
- Actively contributed to the development of a dynamic and efficient Telegram bot, leveraging knowledge of Node.js and back-end technologies.
- Embraced cutting-edge tools and technologies, such as Strapi, for efficient content management and integration with data sources.
- Utilized PHP, MongoDB, and MySQL to develop robust back-end systems and manage databases.
- Collaborated effectively with the Digitalize Lab team, consistently meeting project milestones and exceeding client expectations.
- Problem-solved, troubleshooted, and adapted to evolving requirements, ensuring the successful delivery of high-quality solutions.
- Committed to staying updated with industry trends, expanding skill set, and embracing new technologies to deliver outstanding results.

2019-10 – 2022-01
Solutions Architect, Alwan Alenaya, Riyadh, SA
- Successfully delivered notable projects, including a doctor appointments app, a family tree app, and the company's website, as a contract Solution Architect at Alwan AlEnaya.
- Led the design, development, and team management throughout the entire lifecycle of these projects, ensuring robust and user-friendly solutions.
- Analyzed and understood unique project requirements, translating them into comprehensive architectural designs.
- Provided technical guidance and mentorship to the development teams, empowering them to excel in their roles and deliver exceptional results.
- Actively engaged with stakeholders, including clients and business teams, to align solutions with their objectives and ensure tangible value.
- Demonstrated expertise in bridging the gap between technical and business requirements to drive project success.
- Built and led a talented team, fostering a collaborative and innovative work environment.
- Leveraged technical skills and industry knowledge to deliver impactful software solutions.
- Contributed to the overall success of the projects by providing comprehensive technical and business assistance.

Education	**Neelain University Faculty of Computer Science and Information Technology – Bachelor's degree** 2018-09
